

# Thrift Savings Fund Statistics

March 2018

## Highlights

In March, the uniformed service active duty participation rate rose over 1% and reached an all-time high of 50.8%, with over 162,000 BRS Opt-ins. The volume of one-time post-separation withdrawals came back down for the month after seeing higher numbers in last few months. There was significant improvement in our abandonment rate at the contact center. We continue to see improvement with service levels as the result of addressing staffing levels to meet our new demand.
