# Multi-Asset Manager Project Timeline

State Street Global Advisors (SSGA) is now under contract as the TSP's second investment manager. OI is leading a two-pronged effort: (1) Establishing SSGA's ability to serve as an investment manager for the TSP and (2) Orchestrating the transfers of assets that will move portions of the F, C, S, and I Funds from BlackRock to SSGA. OCFO and OTS are critical partners in this effort.
